Mental Health and Community Safety

Over the past month there have been two meetings of the Mental Health and Community Safety Working Group (MH&CS) involving the Safer Lambeth Partnership and CPCG members, Anna Tapsell and Jane Warwick. One of the outcomes so far is a commitment to form a Mental Health forum for service users and the police. Also, there have been dates set for the MH&CS to meet on a monthly basis up to the end of the year.

Recruit Market Place

On June 12, CPCG will participate in a 'Recruit Market Place' event at Gypsy Hill Police Station for Lambeth New Recruits as part of their training programme. The aim will be to provide information to new recruits about the work by Community & Partnership and work with schools, young people, Safer Neighbourhood Teams, voluntary organisations, groups and other agencies.

Briefly, the outline and provisional timetable for the day will be as follows:

Briefing by the training unit,
Visit to the 'market place'
De-brief and Quash for all to participate

This will be a pilot trial which, if hopefully successful, can be used as a model for recruits in general.

Country Show 18 & 19 July 2009

CPCG will again have its big tent at the Lambeth Country Show. Member organisations who would like to join us there, to disseminate information, engage with local people, promote their organisations etc., will be very welcome. Please contact the Group Office for more details.

HMIC and G20

Jim Toohill attended a meeting (27 May) between representatives of London Community Police Partnership (LCP2 – the umbrella organization for London CPCGs) with HM Inspectorate of Constabulary. HMIC set out the work they had done to date to garner accounts and views of events at the G20 protest (including contacts passed to them from IPCC), plans for an opinion survey and their reporting plans – there will be an interim report by the end of and a final report (which will include international comparisons of policing protest, including experience in Northern Ireland) in the autumn.

HMIC are still interested to hear from people who wish to contribute their experiences or views. Their contact is:

LCP2 made representations regarding:

- The impact of the G20 events and reporting on police-community relations across London;
- The inadequacies and lack of transparency in consultative arrangements prior to and during G20, with particular reference to IAGs
- The need for consideration to be given to the position of the Territorial Support Group in the Governance arrangements for the MPS.

Boy 4 Girl

On 28 May, at the YMCA Stockwell, Anna Tapsell viewed a screening of Boy 4 Girl, a film about Domestic Violence made by young people from St Michael's Fellowship. The film was watched by a full house of young men and women and was followed by a full and frank discussion.

www.refugeeyouth.org

For the third year running, Nueva Generacion and RefugeeYouth present Refuge in Films festival at the BFI South bank. Refuge in Films 09 is dedicated to raising awareness about refugee and migrant issues. This year the festival is being entirely developed by a group of young people. By giving a voice to young refugees, the festival will address issues of representation of refugees and migrants in the film industry and will be a space of celebration, contributing to a more tolerant society.

The festival has been curated by a group of young people (19-25 years old) from Nueva Generacion and RefugeeYouth that come from different countries: Colombia, Somalia, Ethiopia, Iraq, Afghanistan, Eritrea, Zambia, D.R. Congo, Sudan, Rwanda, Palestine, Kosovo, Algeria, Angola, Guinea, Jamaica, Burundi, Bangladesh, U.S.A., France, Greece and England. Meeting weekly over three months to watch and discuss films from different angles, young people have created an amazing 3 day programme to be presented at the BFI in celebration of Refugee Week.
