50,  
Radiographer

## **Oh Mankind!**

O mankind! We have created from a single (pair) of a male and a female, and made you into nations and tribes, that you may know each other (not that you despise each other).

Verily, the most honoured of you in the sight of Allah is (he who is) the most righteous of you.

And Allah has full knowledge and is well acquainted (with all things).

*(Al-Quraan, part 26, chapter 49, verse 13)*

That if any one slew a person unless it be for murder or for spreading mischief in the land

It would be as if he slew the whole mankind.

And if anyone saved a life

It would be as he saved the life of whole mankind.

*(Al-Quraan, part 6, chapter 5, verse 32)*

## Someone

someone today is leaving home on business  
saluting, terminally, the neighbours who will join in the cortege,  
someone is paring his nails for the last time, a precious moment,  
someone is putting out milkbottles for a day that will not come,  
someone is writing a cheque that will be rejected as 'drawer deceased',  
someone is making rash promises to friends,  
someone's coffin is being sanded, laminated, shined  
who feels this morning quite as well as ever  
someone if asked would find nothing remarkable in today's date  
perfume and goodbyes her final will and testament  
someone today is seeing the world for the last time  
as innocently as he had seen it first.

## **Un Mundo Desconocido**

Nuestra misión como seres humanos es aceptar  
Nuestra venida a un mundo desconocido  
En nuestras manos un billete de ida y vuelta,  
Sabemos a donde llegamos pero no sabemos a donde vamos  
Nuestra llegada es llena de expectativas  
Nuestra ida nos deja huellas de nostalgia y soledad.  
Los que quedamos solo pensamos en el Ser que se aleja.  
El que se aleja no avisa de su ausencia que deja.  
Nuestro tiempo en el mundo es tan corto y misterioso,  
No entendemos porque ni con quien competimos  
El camino de hoy nos pone en prueba  
En un saber convivir y en un poder compartir  
Nuestra misión comienza al nacer y termina al volver
